Practice Management Integration

Ophthalmic Product Ordering

Management **PLUS**

Order Direct to Your Suppliers with Ease

VisionWeb's ordering service is integrated with ManagementPlus software. Using the integration, you can order electronically to your suppliers without having to access the VisionWeb site or re-key order information into another ordering system. This solution allows you to virtually eliminate phoning or faxing your suppliers for order processing. Your practice will save time and reduce duplicate data entry, while gaining the benefits of:

- Direct access to all of the suppliers on the VisionWeb network
- Custom catalogs and error checking to improve order accuracy
- Up-to-date order tracking to manage customer expectations
- Improved turnaround time on orders placed electronically
- Ongoing technical support and customer service

Save time and reduce duplicate data entry

Getting Started

ManagementPlus customers seeking the ability to order via the VisionWeb integration should contact ManagementPlus at **(800) 695-6994** to request connectivity. Once you have the software upgrade required for the VisionWeb integration, the VisionWeb Technical Support team will help you set up your supplier accounts and provide testing support.
