Order Direct to Your Suppliers with Ease

VisionWeb's online ordering service is integrated with OfficeMate practice management software. This solution allows you to place orders to your suppliers electronically, right from within your practice management system, virtually eliminating the need to phone or fax your suppliers for order processing. Your practice will save time and reduce duplicate data entry, while gaining the benefits of:

- Direct access to suppliers on the VisionWeb network
- Custom catalogs and error checking to improve order accuracy
- Up-to-date order tracking to manage customer expectations
- Improved turnaround time on orders placed electronically
- Ongoing technical support and customer service

Submit Insurance Claims with a Click

OfficeMate is also compatible with VisionWeb for insurance claim filing. You simply upload claim files created in OfficeMate and send them to your payers through VisionWeb, without having to re-key claim information. You will also have access to features like eligibility checking, claim tracking, reporting, and ERA.
